Just some of the ways your sponsorship helps us help others:

- **Connection Point** is a Knox County call center for individuals and families in need. Requests are reviewed and verified by Compassion Coalition volunteers from area churches who then make referrals to appropriate organizations, agencies, and churches in our community that may be able to assist. Connection Point is also a resource for churches and organizations working with individuals in need.
- **Faith & Finances** is a 12-session class for low-income or financially vulnerable adults. Each 90-minute session is designed to help those who struggle to manage their money and overcome real-world pitfalls on the path to financial health.
- **Getting Ahead in a Just-Gettin'-By World** is a 16 session class that offers a step-by-step process for low-income people to investigate their lives on their own terms and, discover why they are in their situation, develop a plan to get themselves to a more stable life, and begin to build relationships that will help ensure sustainability as they go.

To fulfill our mission, it takes a community of people with various talents, skills and abilities to walk alongside, invest in, and empower those who are struggling, hurting and living on the margins. We pray you will partner with us to help build a stronger community.
